FEATURES

AN EXCEPTIONAL COMBUSTION

The Hipster® woodstove feature the TruHybrid® technology. The combustion is cleaner and more efficient than other EPA certified stoves. One load of hardwood will burn low and slow and produce heat for well over 20 hours.

HEATING COMFORT

The Hipster® is a combination of cast iron and soapstone. Both materials are well known for their capacity to absorb and release heat for long hours. The heat is produced smoothly without spiking as much as a steel stove. The comfort it creates has no equal!
